Subject: King County's second installment response to EPA's CERCLA 104(e) request for East Waterway Operable Unit

Dear Mr. Sanga,

Please find attached the County's second narrative response to EPA's CERCLA 104(e) Request for Information regarding the East Waterway Operable Unit of the Harbor Island Superfund Site. Documents are also being produced with this initial response that are being sent to you separately by U.S. mail. A document index is being prepared that will also be mailed to you within the next two weeks.

As previously indicated, John Bjorkman and I will act as the County's main points of contact for the 104(e) response. I had also previously let Richard Mednick know we would be sending you the County's response as the 104(e) requests that we do, though we would anticipate working with Mr. Mednick on any follow-up questions you may have. Please note again that there has been a physical address change for my (Prosecuting Attorney's) office:
